To Whom It May Concern:

I have had the pleasure of working with Richard Ryder for the past 2 years on a live Comedy Show I've produced called "Laughing Out Loud!", which was staged at Tallulah's Cabaret (Buddies in Bad Times Theatre, 12 Alexander St., Toronto, Ontario) in both 2004 and 2005. The show was a charitable fundraiser and we raised thousands of dollars due in large part to the help and talent of people like Richard. Not only is Richard a very funny guy and an accomplished comedian, but he also helped me out personally with his business savvy and advice about line-ups and general production tips. He's a pleasure to work with and a crowd favourite!

Sincerely,

Paul Quinn
